[Technical Plan] New entry point indicate low/good ad performance

| Last Updated	26 Jun 2023
Product Requirement	🔲 Premium Service Recommendation | Phase 1 POC
PIC	@Danh Nguyen Thanh
Status	REVIEWING

I. Overview 🔗

- The product Revenue team would like to add a new entry point on the User Ad Dashboard, which MF own to indicate low/good ad performance and suggest users buy premium services to improve the low ad performance

II. Technical Solutions 🔗

Technical Workgroup Participants: 🔗

Workgroup	Backend	Frontend	QA
Revenue Foundation	Implementation on ct-user-ads-api	Implementation on the User Ad Dashboard repo	Take responsibility for new entry point on the User Ad Dashboard repo
Marketplace Foundation	n/a	Review code in the User Ad Dashboard repo/ ct-user-ads-api	Main flow testing

Flow diagrams 🔗
